Om våren blommar blommorna i ditt öga
möter jag blommorna och ängen den heta
ängen

I ditt öga blommar ängen den heta ängen
och djuren alla djuren mindre än ditt öga kryper
de under din nakna fot

Den heta ängen är ett vatten utanför
ditt fönster –

sjön du doppar tårna i eller
havet utan slut

Någon gång möter ditt öga
stormen den
väldiga stormen med sitt tunga vatten och
blommorna

Blommorna i ditt öga möter jag blommorna
och handen min heta hand
mot din kind
